About US

We know how important it is to protect your personal information. That's why we take great care in following these privacy policies: Usage of personal information Personal information includes your name, address, phone number, and e-mail address. We may use your personal information for a number of different purposes, such as fulfilling requests for products, services or information; providing customer services; administering contests or promotions; offering new products and services; measuring and improving the effectiveness of our Site or our marketing strategies; and adapting our offers to your preferences. We may also collect and summarize customer information in a format that no longer identifies the individual for statistical purposes. Usage of non-personal information Like many other Web sites, we automatically collect certain non-personal information regarding Site users that does not identify you. Examples include the Internet Protocol (IP) address of your computer, the IP address of your Internet Service Provider, the date and time you access the Site, the Internet address of the Web site from which you linked directly to the Site, the operating system you are using, the sections of the Site you visit, the Site pages read and images viewed, and the content you download from the Site.
